Dear Totten Hall Families,

We are thrilled that this is our 27th year at Totten Hall Preschool to participate in the Trike-A-Thon for St. Jude Children's Research Hospital as our preschool service project.

- **Friday, October 1**, will be a fun day for our students, as they love to bring their bikes or riding toys to school and show everyone their riding skills!
- Since 1995, Totten Hall has raised \$69,728 for the children of St. Jude and we are proud to continue this program as God has called us to serve others.
- The St. Jude Trike-A-Thon has a fun curriculum that teaches children bicycle and riding-toy safety lessons through a series of interactive stories.
- You may begin collecting donations from family and friends. All donations are to be turned in to school or completed on line by Friday, October 15.
- St. Jude Children's Research Hospital uses their contributions to provide love and care to the patients and families they serve.

To register go ONLINE: <http://fundraising.stjude.org/tottenhall>

While in school, Troy Unfried, the brother of Trina Virden and I, was diagnosed with Acute Myeloid Leukemia. Two bone marrow transplants later, the amazing doctors, nurses and researchers of St. Jude's have blessed him with many more years of life that he is living to the fullest. We are forever gratefull

Yours in Christ,

Tracey Unfried

About St. Jude

- Families never receive a bill from St. Jude for treatment, travel, housing or food—because all a family should worry about is helping their child live.
- Treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20% when the hospital opened in 1962 to more than 80% today.
- Because the majority of St. Jude funding comes from individual contributors, St. Jude has the freedom to focus on what matters most—saving kids regardless of their financial situation.

Meet Bella

Bella is a precocious toddler who loves to dance. In 2018, tests in India revealed a mass on her brain. Bella's parents turned to St. Jude Children's Research Hospital for her care.

At St. Jude, Bella's treatment for anaplastic ependymoma, a cancerous brain tumor, included proton therapy and chemotherapy. "At St. Jude, they're not just thinking of your child's treatment, they're thinking about what families go through," said Bella's dad. "You don't have to worry about anything. You just focus on your child."

Bella is now home and returns to St. Jude for regular checkups.

Please detach and return this permission slip to your child's school tomorrow.
